THE NEW TARIFF BILL

Four Important Schedules Are Agreed Upon.

CHIEF RELATES TO AGRICULTURE.

The McKinley Law Will Be Re-Enacted With Few Changes Except on Unimportant Products—Wilson Rates on Chemicals Will Be Retained—Compromise on Several Other Schedules.

WASHINGTON, Feb. 5.—The daily sessions of the Republican members of the ways and means committee, which have been in progress for about two weeks, have brought the tariff bill which is to be laid before the next congress to a stage where the character of the measure can be somewhat gauged and where certain of the most important schedules are definitely fixed. In their conferences up to this week the tariff makers have dealt largely with the general characteristics of the schedules, which they have had under consideration and devoted themselves to shifting the great masses of the figures, letters and petitions presented to them. Four schedules have now been fairly completed, the chemical, agriculture, wines and spirits, and earthen and glassware schedules. All of the rates which have been decided upon are subject to change before the committee finishes the bill, but most of them probably will remain as they have been fixed in the first draft of the bill.

Yesterday's meeting was the most important of the series, for it resulted in the framing of the agricultural schedule, which was made a re-enactment of the McKinley law with few changes except on unimportant products. The most important step in connection with this schedule was the establishment of rates of \$5 a head on cattle more than one year old and of 25 per cent ad valorem on cattle valued at more than \$20 a head. The McKinley rates on other livestock, including the rate of \$2 on cattle of one year old or less, are restored. The Wilson rates were 20 per cent ad valorem on livestock, and while the new duty of \$5 on cattle does not reach the McKinley figure of \$10 on cattle more than one year old, it is expected that, with the ad valorem on the more valuable grades, it will prove adequate to shut out Mexican cattle. It is against the Mexican stock that the increase is particularly directed, on the representations of western cattle men that their business had been ruined by the importations from Mexico under the Wilson law, which amounted to more than 200,000 head.

Much interest centered upon barley, which the committee puts back to the McKinley duty of 30 cents a bushel because the farmers contended that the Wilson tariff had turned over the market into the hands of the Canadians, while the malsters who have been using Canadian barley have made a hard fight against any increase.

The McKinley rates have been restored on fruits and berries mainly for the benefit of the fruit growers of the Pacific coast. The fruit exchanges of the country had prepared a schedule of rates below the McKinley bill, although above the Wilson rates, but they did not succeed in having their schedule adopted.

Among the products in the agricultural schedule which are returned to the McKinley rates are breadstuffs and rice, dairy products, potatoes and starch, castor beans and flaxseed, meats and meat products, eggs and poultry, vegetables and salt. The demand of the farmers for the McKinley rate of \$4 a ton on hay instead of the Wilson rate, \$2, was granted. Chicory is placed at 1 cent a pound in accordance with the requests of the growers in the central states, who believe that they can capture the home market with protection. Rates on oranges have not been fixed yet, but the committee has decided to change the classification and make the rates higher than those of the McKinley bill for the benefit of the California interests.

In the chemical schedule many of the Wilson rates will be retained. The Wilson duties on soaps and on sodas and kindred chemicals which are the raw materials of soap are left unchanged. The present rates on oils, including castor oil, also will be retained except where changes are made necessary by the restoration of duties on the raw materials which enter into them as in the case of linseed oil. There will be but slight changes in the rates on paints and dye stuffs and their constituent elements. The duties on borate of lime will be 2 cents a pound, on refined borax, 3 cents, boracite acid, 3 cents, which are compromises between the McKinley and Wilson rates. The duties on lead in ores is placed at 1 cent a pound, on pig lead 2 cents, on white lead and lead acetates 2 1/2 cents.

The committee has decided to retain the Wilson rates on wines and spirits throughout the wine and spirit schedule. This schedule of the Wilson act was generally higher in its rates than in the McKinley act.

The committee has devoted some time to the consideration of manufactures of iron and steel and to cotton manufactures, but has not perfected these schedules. In the cotton schedule there will be few changes from the present law, except in rates on finer yarns and the most costly fabrics. The changes in the iron and steel schedule will be limited to a few specialties, like cotton ties, on which McKinley duties will be re-established, on tinplate, which has not been settled, and some forms of tube steel and surgical instruments.

No other schedule has given the committee so much trouble as the one

which includes earths, earthenware and glassware. It has been claimed by all the pottery and glass interests that the Wilson law has proven destructive to their interests and that no system of ad valorem levies could properly protect them. Accordingly the committee has determined to adjust the items of the schedule to such specific duties as will be equal to the duties of the McKinley law, most of which were ad valorem. On account of the decorative features of such wares, which often are the chief element in their value, it is particularly difficult to adjust satisfactory specific rates.

Plate glass has been arranged as follows: Under 16 by 24 inches, 8 cents per square foot (present rate 5); above 16 by 24 and not exceeding 24 by 30, 12 cents (present rate 8); above 24 by 30 and not exceeding 24 by 60, the present rate of 22 1/2 cents; all above 24 by 60, the present rate of 35 cents.

Lumber will be the next subject which will engage the committee's attention. Throughout the work the policy of establishing specific rates wherever it was found possible to substitute them for ad valorem has been followed. The interests of farmers, it is stated, have been particularly observed in fixing duties for the purpose of protection. On the other hand the increase on manufactured goods, most of them have been on higher grades of goods and those which are considered luxuries.

STRANGER TOOK IN THE TOWN.
He Negotiated For Property but His Check Was Not Good.

SUNSHINE, Ind., Feb. 5.—Three weeks ago a stranger registering as J. A. Wilson of Newport, Ky., came to this place. He claimed to be seeking a location for his self and sister, the latter a milliner of Newport, and he contracted for the purchase of two lots, and was receiving bids for the erection of a dwelling and storeroom. He was plainly dressed and his manner was calculated to inspire confidence. Before the time came for executing the necessary papers, he expressed a wish to see some of the northern towns in the gas belt, and he hired a rig from the liveryman and drove away.

This was on Wednesday of last week. Nothing since has been heard of him. He claimed to have several thousand dollars on deposit with the First National bank of Cincinnati, but in settlement of his three weeks' lodging he gave a check on the Citizens' bank of Knightstown, which he indorsed, "Draw at sight on First National bank of Cincinnati, O." The check was refused payment at the Knightstown bank, and a telegram forwarded to the Cincinnati bank, making inquiry concerning his deposit, brought response that no such person was known. This has caused the persons transacting business with the stranger to await his return. An effort is now making to get trace of him.

Durant Case Heard Again.

SAN FRANCISCO, Feb. 5.—The supreme court of California has handed down no decision on the appeal of Theodore Durant, found guilty of the murder of Blanche Lainon 21 months ago. It is understood that the appeal has not yet been considered by the supreme justices, but many attorneys believe that the justices will grant Durant a new trial. So many important civil cases have precedence over the Durant case that it is said a decision will not be handed down before the end of the year.

Mistake in Signals Causes a Wreck.

ANDERSON, Ind., Feb. 5.—The Punhandle Cincinnati limited train was wrecked at the junction of the Big Four a half mile beyond the station here yesterday, through a mistake of the engineer in interpreting the semaphore signals. The engine, mail and baggage cars were derailed, tearing up the track and stopping on the edge of an embankment. No one was seriously injured. Wrecking crews got the train away with another engine about five hours later.

Dead Body Found in the Woods.

JASPER, Ind., Feb. 5.—The dead body of John P. Urich, who was 35 years old, was found by some hunters near Shiloh yesterday afternoon. A revolver with two chambers empty lay by his side. It was evident that he had committed suicide. The body was discovered through the faithfulness of his dog, who remained by his side until the hunters arrived. Mr. Urich was unmarried. He had shown signs of mental derangement for some time.

Freight Wreck at Arlington.

RUSHVILLE, Ind., Feb. 5.—Passenger traffic on the Cincinnati, Hamilton and Indianapolis railway was impeded yesterday by a freight wreck at Arlington, seven miles west of here. Two engines were assisting in hauling a heavy freight train to Indianapolis, and at Arlington both engines and 14 cars were derailed, owing to a broken frog. Wrecking crews from Cincinnati and Connersville were called, and the track was cleared.

An Assignment at Cincinnati.

CINCINNATI, Feb. 5.—The Consolidated Ice and Refrigerator company has assigned to Tilden R. French. Liabilities (estimated), \$81,000; assets, \$147,000. The immediate cause was a suit by W. P. Callahan & Company of Dayton to recover \$30,000 for merchandise furnished. No preferences were given.

Insane Because of Cigarettes.

VINCENNES, Ind., Feb. 5.—On account of the excessive use of cigarettes, Harry Woods, 18 years old, has been declared insane. He will be removed to the southern Indiana hospital at Evansville.

MCKINLEY'S CALLERS.

They Either Want Office For Themselves or Others.

SOME OF THEM ARE SATISFIED.

Among the latter are Perry S. Heath Who Has Been Slated For a Good Position—Some Are Not So Confident—J. Addison Porter Announces That He Will Be McKinley's Private Secretary.

CANTON, O., Feb. 5.—Among President-elect McKinley's guests yesterday was Mr. Perry S. Heath of Munroe, Ind., who had charge of the publication and printing for the Republican national committee during the recent campaign and who has been frequently mentioned for the position of private secretary to the president. Mr. Heath was accompanied by Mrs. Heath, and their visit was upon the invitation of Major McKinley. After a prolonged conference, during which many political subjects were discussed, the announcement was made that the president-elect had tendered to Mr. Heath a position of prominence and influence, and that it would be accepted. The position is one which Mr. Heath asked for some time ago and which he coveted above all others.

PERRY HEATH.

Governor McKinley and Mr. Heath have been warm personal friends for many years and the former stated to the Associated Press yesterday evening that he had no position of honor or trust within his gift to which Mr. Heath would aspire that he would hesitate to confide to his friend. The two men lived at the same hotel in Washington about a dozen years or more, when Mr. Heath was a widely known newspaper correspondent and the president-elect was a member of congress. Mr. Heath was conspicuous in the campaign that resulted in the nomination of Governor McKinley for the presidency, for which the latter is unstinted in his appreciation, as well as for the service he rendered during the contest ending last November.

General Russell A. Alger of Michigan who has been selected for secretary of war, called for a short conference with Major McKinley. He said the object of his visit was to say a few words for a friend and not to discuss any question of policy or to submit my appointment to his department. The former, he said, would be postponed until the administration is organized and that no decisions have been reached in the latter.

General Alger declined to say who the friend is in whose interest he came to Canton, or what he wanted for him.

Concerning the question of policy, he said: "There may be occasion for a great many changes in any plans we might make and possibly the total abandonment of any policy we might consider now. Therefore, I have considered it best not to formulate any."

State Chairman John K. Gowdy was also a caller and said that his object was to talk over Indiana matters in general. He blushed like a school girl when asked if he expected to be commissioner of pensions, and said that that was a position any man would be proud to fill.

Mr. Braintree T. Skinner of Battle Creek, one of the prominent manufacturers of Michigan, was among the callers on the president elect yesterday.

N. B. Martin and Dr. J. M. Ripple of Waynesburg, Pa., E. J. Miller, member of the inaugural committee, Columbus, O., and J. K. Pollard, steward for the deaf at Columbus, O., also called together at the McKinley home. The visit had to do with the inauguration.

Mr. Miller said that Ohio will have organized clubs represented to the number of more than one thousand. The clubs have been assigned to the second division.

It is generally known that the name of Dr. Seward Webb of Shelburne was presented by Vermont and seriously considered by the incoming president for a position in his cabinet. Owing, however, to the illness of his brother, and the draft upon his own time and attention in consequence thereof, it was utterly impossible for him to accept the position, and Dr. Webb's friend, General T. S. Peck, visited Major McKinley at Canton and withdrew his name.

MCKINLEY'S PRIVATE SECRETARY.

John Addison Porter Announces That He Has Been Selected.

CLEVELAND, Feb. 5.—Hon. John Addison Porter, editor of the Hartford Post, confirmed the report here that he had been chosen by Mr. McKinley as his private secretary. He came west at Mr. McKinley's request and had a long conference with him at Canton, the matter then being definitely settled. Mr. Porter is a personal friend of Mr. and Mrs. McKinley of long standing

and has had the experience necessary to fit him for the important post he has accepted.

Mr. Porter is a nephew of William Walter Phelps. Besides an extensive newspaper experience he served in the Connecticut legislature, was Senator Platt's secretary during one congress and at another session was clerk of a congressional committee. He was recently the Republican candidate for governor of Connecticut. Mr. Porter was a McKinley lieutenant in the St. Louis convention and had charge of the McKinley interests in Connecticut during the campaign.

Powell Clayton's Modesty.

LITTLE ROCK, Feb. 5.—Hon. H. L. Remmel of this city, late Republican candidate for governor of Arkansas, is authority for the statement that General Powell Clayton of Arkansas will be the next United States minister to Mexico, succeeding the Hon. W. M. Ransom. Mr. Remmel held a conference with Major McKinley last week and says that the president elect was surprised at General Clayton's modesty. The appointment will be made a few days after the 4th of March.

For General Land Commissioner.

ST. PAUL, Feb. 5.—A telegram has been sent to President-elect McKinley at Canton, signed by Governor Clough, Secretary of State Berg, Attorney General Childs, State Auditor Dunn, Clerk of Supreme Court Reese, Lieutenant Governor Gibbs and Speaker Jones, asking the appointment as general land commissioner of Tams Bixby of Minnesota, who for several years has been at the head of the state committee, and is private secretary to the governor.

HAS A FRACTURED.

An Indiana Man Badly Dowed Up in New York City.

NEW YORK, Feb. 5.—Charles L. Webber, a horse dealer who lives in Fort Wayne, and has a business at 3734 Market street, West Philadelphia, lies in Bellevue hospital, suffering from a fracture at the base of the skull and a serious injury to one of his eyes. It is not believed that he will recover. According to the story told at his hotel, he received his injuries at the hands of a ticket chopper of the Third Avenue elevated railway. The police are looking for the ticket chopper.

Webber came to this city several days ago, bringing some horses. He left his hotel yesterday evening with a friend. They took an elevated train downtown and alighted at Ninth street. Webber made a mistake as to the exit and tried to pass the entrance where passengers about to board trains are admitted. He got into an argument with the ticket chopper, who would not allow him to pass, and according to his story, Webber was struck in the right eye, and afterward struck on the back of the head with some blunt instrument. Webber and his friends left the station and returned to the hotel. A physician examined him and found his injury so serious that he was at once conveyed to the hospital.

MUST STARVE BY THOUSANDS.

Appalling Condition of Armenian Orphan Children.

NEW YORK, Feb. 5.—Announcements are made by Spencer Trask, chairman and Frederick D. Greene, secretary, of the national Armenian relief committee that the committee recently forwarded to Turkey \$35,000.

The committee has just received a cable message from the international committee at Constantinople, of which the British ambassador is chairman, acknowledging the remittance, stating that the funds in hand are entirely inadequate to meet the awful suffering and destitution, and that careful investigation has shown that not less than 40,000 children have been made orphans by the late massacres.

These "wards of Christendom," it is stated, can be easily saved from starvation or debasing enslavement in Moslem homes, and can be cared for at the rate of a dollar a month; but thousands will perish before spring unless generous gifts are sent at once to Brown Brothers & Company, 59 Wall street, New York, who are the authorized treasurers of the committee.

A Disabled Steamer.

NEW YORK, Feb. 5.—The steamship Nacochee of the Ocean Steamship company, limped into port last night and tied up at the company's dock shortly after 7 o'clock. She left Savannah on Jan. 1, bound for Boston. She was battered by northern gales, swept by heavy seas, was short of coal and had strained her boilers in her tussle with the elements. She carried three passengers in the first cabin. It is expected that repairs will be completed in time to allow her to resume her trip to Boston tomorrow.

Professor H. H. Harris Dead.

LYNCHBURG, Va., Feb. 5.—Professor H. H. Harris, one of the most distinguished educators in the south, died here yesterday evening. At the reorganization of Richmond (Va.) college in 1866, Professor Harris was called to the professorship of Greek in that institution, which he held until his resignation in 1895. At the time of his death he was a member of the faculty of the Southern Baptist Theological seminary at Louisville, Ky.

Only One Survived.

NORTH BRANCH, Minn., Feb. 5.—Word has been received here that Mr. and Mrs. John Brohnemann and two sons, Ernest and William, living about five miles west of here, were suffocated by carbon dioxide, due to a fire in a closed root house. A 10-year-old boy survives them.

MINERS ARE IN WANT

Critical State of Affairs in the Belmont District.

NO WORK FOR FOUR MONTHS.

Over Fifty Families Suffering For the Necessities of Life and Some Are Actually Starving—Battle With Tramps—Passenger Train Derailed—An Aged Farmer Suicides—Other Ohio State News.

BELLAIRE, O., Feb. 5.—A committee of miners from the Belmont coal mines, in this city, were out all day yesterday soliciting food for the families of men employed at that mine. Investigation shows there are over 50 families at these mines suffering for the necessities of life, and some are actually starving. The story they told of their suffering is terrible.

These miners have not had work for over four months, and when they were laid off their supplies from the company's store stopped also, thus cutting off all source of support. Secretary Glasgow said last night that reports from all over the district show much suffering, and many appeals for aid have been received.

BATTLE WITH TRAMPS.

Several Shots Fired, but No One Hit by Bullets.

LIMA, O., Feb. 5.—The police had a battle with a gang of tramps about 4 o'clock yesterday morning and a number of shots were exchanged. The tramps jumped off the front end of southbound Cincinnati, Hamilton and Dayton passenger train No. 7 when it pulled in from Toledo and defied arrest when Detective Reeves halted them.

While one of the pair assaulted the officer the other took to his heels and Reeves pulled his gun and fired several shots at him, but the fellow would have made good his escape had he not run into the arms of Policeman Conway, who landed him. They are suspected of having robbed the Standard Oil company's safe.

Dairyman Robbed.

COLUMBUS, O., Feb. 5.—William G. Mason, a wealthy dairyman, was held up near midnight near the Toledo and Ohio Central railroad crossing by three men and robbed of \$120. The men wore masks, carried dark lanterns and threatened to kill if the victim made an alarm.

Pasenger Train Derailed.

SPRINGFIELD, O., Feb. 5.—Panhandle train No. 5, westbound, from Columbus to Cincinnati, was derailed by running into an open switch at Xenia. Fireman S.

NO USE FOR BRADLEY.

One Says McKinley Would Import a Man if Necessary.

CLEVELAND, O., January 30.—A prominent Republican said to-day in reference to the story that Bradley would like to go into the Cabinet: "If Bradley were the only Republican left in the country McKinley would send abroad for a Cabinet officer before he would name the Kentucky Governor. McKinley has no use for Bradley since the Governor tried to throw him down in Kentucky."

PROF. HICKS' forecast for February call for warmer, rain, snow, sleet and drifting winds from the 1st to the 8th, all to wind up with a cold wave. He puts particular stress upon the heavy sleet storms that are liable to occur during this period.

MA. ALEX. HILES, of near Dover, was recently stricken with la grippe which handled him pretty roughly. It is thought that the disease went to his head, as his mind is very much affected. He is constantly guarded, and there is but little encouragement given by his physician as to his recovery, says the Dover News.

CARLISLE Mercury: "Some time ago Sergeant Sharply, a guard at the Frankfort penitentiary, was dismissed on the charge of being intimate with female prisoners, and now to add to the trouble of the Republican reformers, Lula Howard, a Louisville convict, has given birth to a child, whose father she says is the lately discharged electrician. At the Lexington asylum there is an investigation going on that is simply astounding the State. The Superintendent is charged with a heinous crime against an inmate. The scoundrels are not all Democrats by a good deal."

REV. SAMUEL A. MUTHOMORE, of Philadelphia, has given to the library of Center College, Danville, with the consent of the Memorial Presbyterian Church of Philadelphia, the S. A. Muchmore Library, originally founded by him for that church. The library consists of some 4,000 volumes, valued at \$6,000 or \$7,000, and the catalogue received by the Librarian of Center College shows that it is a fine selection of work of historical, literary and artistic value. Dr. Muchmore is a distinguished son of Center College, and has been prominent in church circles. He was Moderator of the General Assembly of the Presbyterian Church in 1895.

THE Chicago Chronicle tells of a religious little boy of Chicago who never goes to sleep without praying that his soul may be kept throughout the long watches of the night. The other evening, however, he became a little mixed about bed-time. When in his snow-white gown he made a movement toward the little cot, but was reminded that he had forgotten to say his evening prayer, he quickly knelt at his mother's side and, laying his small head upon his folded hands, began:

"Now I lay me down to sleep,
I pray the Lord my soul to keep."

But there his drowsiness became too much for him. His curly head went down with a bump against his mother's knee, and she, hoping to help him out, softly suggested: "Up." He made another effort and as his mother prompted him the second time he brightened up and finished:

"If he Hollers let him go
Ene, men, mine mo."

She Couldn't See

How we could sell such a beautiful piece of table linen at 67c, really she couldn't see how it could be done. She was blind! We sold her a tablecloth, however, and sent her home, and told her she could get her money back by returning the linen if it didn't suit. Another lady came in and said she had heard we were selling Table Linens at 47c, that was splendid. How this lady heard about the linens is a mystery, for she was deaf as a post, but she bought a tablecloth and looked satisfied. Another came in and told one of our salespeople she wanted one of those Luncheon cloths we are selling for \$1.19. This lady was dumb, but we have a clerk who talks on his fingers, so she had no difficulty in being understood. This is a great store of ours, where the blind see, the deaf hear and the dumb talk—and it's as safe a place for the blind, the deaf and the dumb to trade as there is in the world. We give our customers good goods whether or not they know what they're getting. It's on that principle we've built our business. Want to buy where honesty is the ruling power? Buy here.

SATURDAY'S SPECIAL.

Double Damask, Turkey red tablecloths, warranted fast color, 24 yards long, fringed all around, several different designs, 69c. Same quality three yards long, 79c. The regular tickets say \$1 and \$1.19. If any are left over they go back in stock to sell at that price, after to-day.

The Committee on Internal Improvements was authorized to make temporary repairs to Sixth ward grade and Prospect street, and the Wharfmaster was directed to collect wharfage from parties mooring boats and barges at said landing.

The Committee on Laws reported several ordinances which were read and went over till next meeting. The first requires the railroad company to erect and maintain safety gates at street crossings. The penalty is from \$10 to \$50 a day if the company fails to comply.

Another provided for the election of a City Assessor, fixes his pay and defines his duties. The Assessor is to be chosen by the people. Also an ordinance providing for the election of a City Collector, defining his duties and fixing his pay. His salary shall be \$600 a year, payable monthly. He is to be chosen by Council. Also an ordinance providing for the election of Clerk of Council, defining his duties and fixing his compensation. He is to be chosen by the people and his salary is to be \$400 a year. Also an ordinance providing for the election of a City Attorney. He is to be chosen by the Council, and his compensation shall be a salary of \$300 a year, and 20 per cent. of all fines and forfeitures. Also an ordinance providing for election of a Mayor. He is to be chosen by the people, and he shall receive a salary of \$400 a year and in addition such fees as are specifically provided for in other ordinances. Also an ordinance providing for the election of a Treasurer. He is to be chosen by the people and his salary shall be \$500. Also an ordinance providing for the election of a Board of City Council, fixing time of regular meetings, &c. Councilmen are to be chosen by the people, and the regular meeting of the Board shall be the first Monday night in each month. Also an ordinance providing for the election of a Chief of Police, defining his duties, &c. He is to be chosen by the people, and his salary is to be \$900 a year, all fees, except in civil actions, to be paid into the city treasury.

The committee reported that the prop-

osition from the attorneys of plaintiff in the suit of Stanton against city was not satisfactory and the matter had been dropped.

Michael Crow was exonerated from payment of penalty on his taxes, as the city was in debt to him at time the sum was due. Mrs. Wells of Sixth ward was refunded poll tax paid for her son who has been living out of the city.

The following permits were granted:

Jennie McElroyan; to erect a stable on her lot in Sixth ward.

Pearce & Foster; to remove their present ice factory from Third and Wall to Third and Union streets and erect at latter place a plant with a capacity of twenty tons a day, the building to be about 130x130 feet.

John Sapp; to erect addition of two rooms to his house on West Second street.

P. M. McCarthey; to erect an addition to his residence in Sixth ward.

William Holiday; to erect a one-story frame addition to his one-story brick store on south side of Second street, Sixth ward.

M. C. Hutchison; to erect a one-story frame building on south side of Third street, Sixth ward.

A proposition was read from Captain J. Hamilton and R. V. Dryden, offering to do all hauling for the city for year 1897 at the rate of \$1.75 per day for man, horse and cart. Referred to the Internal Improvement Committee.

The committee to whom the matter was referred reported they had examined the accounts of the various city officials for past year and found them correct. Coupons paid by Treasurer were burned in presence of Council.

Pearce & Foster were granted permission to lay a side track connecting their new ice factory with the C. & O. railroad.

The Chief of Police was authorized to proceed according to law to collect all delinquent taxes. If they are not paid by April 1st he was ordered to advertise and bring suit to recover them.

On motion of Chairman Newell, the Mayor and Clerk was directed to issue a note for \$4,500 to Mr. Lissant Cox for thirty days for money borrowed to pay bonds and coupons due.

The Chief of Police was authorized to make temporary repairs to Sixth ward grade and Prospect street, and the Wharfmaster was directed to collect wharfage from parties mooring boats and barges at said landing.

REV. JOHN A. BROOKS.

A Native of Mason County Dies at Memphis. A Noted Prohibitionist.

MEMPHIS, Feb. 3.—Rev. J. A. Brooks, a well-known divine of the Christian Church and Prohibitionist candidate for Vice President in 1888, died here to-night of heart failure, superinduced by paralysis.

In 1890 Dr. Brooks was called to the London (England) Christian Tabernacle. He returned from London recently, having resigned his charge there on account of bad health.

Deceased was born near Germantown, this county, and was a nephew of the late Mrs. S. S. Miner, of this city. His father was the late Dr. John T. Brooks. Deceased had some correspondence about a year ago with the Official Board of the Christian Church, with a view of taking pastoral charge of the church. He wanted to spend his closing days in Maysville. His last visit to Maysville was in 1888, when he was a candidate for Vice President.

Your Boy Won't Live a Month.

So Mr. Gilman Brown, of 34 Mill street, South Gardiner, Mass., was told by the doctors. His son had lung trouble, following typhoid malaria, and he spent \$375 with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to the use of Dr. King's New Discovery, and knows it to be the best in the world for lung trouble. Trial bottles free at J. James Wood's drug store.

THAT DAWSON CHECK.

The Lewis County Man Claims He Isn't Guilty of Any Intentional Wrong in Cashing It.

[Portsmouth Times.]

Readers of the Times will remember the item in the Times recently concerning the \$50 check cashed by J. M. Lopinsky for Wm. Dawson, of Garrison's landing, and the subsequent discovery that it belonged to a Maysville William Dawson.

The Times is in receipt of a letter from William Dawson, of Garrison's landing, giving his version of the affair. Mr. Dawson is well known in this city, having done business here frequently. He says, among other things:

"I live on the river front, about a mile from the post office of Garrison's landing. Last October there arrived at this post office a letter for me, which had been forwarded to me from Vanceburg. I had lived in the latter city fifteen or sixteen years. The postmaster at Garrison's sent the letter on to me by a friend. When I opened the letter there was a check in it for \$50. The letter simply stated that in looking over accounts in the Auditor of State's office it was found that there was \$50 due William Dawson, and please find check for the same. At first I thought there was some mistake and held the letter about two weeks. I heard nothing further about the matter. I showed it to several of my neighbors, and they all said it evidently was for me. The letter was addressed to Vanceburg, where I had formerly lived, and as I knew there was no other Wm. Dawson in Lewis County, I concluded that, of course, the letter was for me. My father was Constable here for many years, and I concluded that he had died some claim of which I knew nothing. I knew nothing of the mistake until I saw it in the Times. Had I been notified I should have rectified the mistake immediately."

From the above letter, it would seem that Mr. Dawson was innocent of intentional wrong-doing. All that remains now is for him to return the \$50 to Mr. Lopinsky, who will return it to the Kentucky authorities.

ANOTHER FORGER NABBED.

William Harrison, Alias James White, Tried to Get \$100 from State National Bank on a Bogus Check.

Another check forger was nabbed Thursday afternoon, and is now in jail awaiting a trip to Frankfort.

It was about 3 o'clock when a young man entered the bank and presented a check with the name of Mr. John L. Caldwell, of the Sixth ward, signed to it, and payable to James White. The body of the check was made out for \$100.25, but the figures in another place called for \$125. "For work," read the check, and the young man stated that he had been employed on Mr. Caldwell's farm, near Mayslick.

It was a very clumsy attempt at forgery, and Mr. C. B. Pearce, Jr., caught on to Mr. "White's" game almost as soon as he glanced over the check.

A telephone message to the Police Judge's office notified Chief of Police of the presence of Mr. "White," another forger, at the bank, and a minute or so later that official stepped in the side door, while at the same instant Policeman Purnell came in through the front door, and Mr. "White" was placed under arrest. He acknowledged afterwards that he was just on the point of running, when the officers entered. He was lodged in jail to await his preliminary trial.

After he was jailed he confessed to Mr. Purnell that he had forged the check, and said his right name is William Harrison. He has been working for a man named Watson who has Mr. Caldwell's farm rented. Harrison was raised by the late Mrs. Eubanks, of this city.

SENATE AND HOUSE.

Nothing of Interest Accomplished in Either Branch of Congress.

WASHINGTON, Feb. 5.—The session of the senate yesterday was one of unusual activity with sharp colloquies and vigorous speeches, which drew large crowds to the galleries. The ball was set rolling early in the day when Mr. Morrill endeavored to pass the bill prohibiting the use of intoxicants in the Capitol building. This aroused the opposition of Mr. Hill of New York who denounced the busybodies and mischief makers inspiring this class of legislation. The senator spoke for the fullest enjoyment of individual liberty consistent with the common good. The speech was not only notable for the vigor with which Mr. Hill threw into it but also for its effect in prolonging the debate to 2 o'clock when the bill was displaced by the Nicaragua canal bill.

The immigration bill was recommitted to conference, Mr. Lodge, in charge of the measure, adopting this course as a result of urgent appeals for a modification of the bill.

Mr. Vilas added another day to his speech against the Nicaragua canal and had not concluded when the senate adjourned.

In the House.

WASHINGTON, Feb. 5.—The proceedings in the house were very dull and almost entirely devoid of public interest. The major portion of the day was devoted to the District of Columbia appropriation bill.

TOO LATE FOR SPANISH REFORMS. Senor Palma Talks on the Proposed Movement for Cuba.

NEW YORK, Feb. 5.—Senor Palma, head of the Cuban junta in this city, was asked if the insurgents would lay down their arms upon the promulgation of the plan of reforms for the administration of Cuba. He declined to answer categorically, but said:

"Had genuine autonomy instead of sham reforms been offered to the people of Cuba before they rose in arms, the Cubans would surely have accepted it, and therefore bloodshed and total devastation of the island would have been averted."

"If the Cuban people did not accept the sham reforms then and arose in arms for independence how would they accept them now or enter into any kind of compromise which has not for its basis the absolute independence of the island. They are sure of success, and one thing is certain, that is, that the Cubans never again will place their necks under the Spanish yoke."

"They have proved so far that they are able to conquer the Spaniards and govern themselves."

VENEZUELA NOT SATISFIED.

Some Bitter Condemnation of the Boundary Treaty Just Signed.

ST. LOUIS, Feb. 5.—A special to The Republic from Caracas, Venezuela, says: The signing of the Giniama boundary treaty in Washington by Minister Andrade of Venezuela has provoked bitter comments in the Caracas press. Some of the papers there declare that it means a United States protectorate and almost unanimously decry the form in which the treaty is progressing towards ratification.

A bitter debate in congress when the convention is presented to that body for ratification is foreshadowed. It is not doubted, however, that President Crespo eventually will be able to make the national legislature do his bidding in the matter of acceptance. United States Minister Thomas had two conferences with Senor Rojas, minister of foreign affairs, and a cabinet meeting was held at the executive mansion.

Transferred to Henry County.

RUSHVILLE, Ind., Feb. 5.—Theodore Skotski of Shelbyville held for complicity in the escape of William Reinheimer, a convicted burglar, from the Rushville jail, has been transferred to the jail at New Castle, his case having been sent to Henry county on a change of venue. It is alleged that Skotski furnished the rig and assisted Reinheimer out of town.

From Prison to an Asylum.

RUSHVILLE, Ind., Feb. 5.—John T. Hittle of Greensburg acquitted at last term of the Rush county circuit court on a charge of conspiring to commit arson because of insanity, has been transferred to the eastern Indiana hospital for the insane.

Senator Harris' Condition.

WASHINGTON, Feb. 5.—Senator Harris' condition is extremely critical, but his physicians say that he will recover eventually unless unfavorable symptoms not now apparent or expected should suddenly arise.

Edward J. Ivory Arrives.

NEW YORK, Feb. 5.—Edward J. Ivory, who was arrested in Glasgow in September last on a charge of complicity with other persons in a dynamite conspiracy in England, arrived here yesterday afternoon by the White Star steamer Majestic. Ivory was accompanied by ex-Assistant District Attorney McIntyre of New York, who had been sent from here by the Irish National Alliance to act as counsel for Ivory at his trial before Judge Hawkins of London.

Army Officer Dies in Florida.

JACKSONVILLE, Fla., Feb. 5.—Major Charles Bendire, U. S. A., died in this city yesterday evening of Bright's disease, aged 60 years. He came to Florida for his health, arriving here last Sunday, accompanied by his private physician, Dr. Charles Eliot. The remains will be taken to Washington for interment.

The Miners' Bodies Found.

CALUMET, Mich., Feb. 5.—The bodies of the two missing miners, who were imprisoned in the Tamack mine, have been found floating in the water at the bottom of the shaft. The fire is out, but the mine is still full of gas and smoke.

Died of Blood Poisoning.

PADUCAH, Ky., Feb. 5.—Hon. Joseph T. Wilson, formerly of St. Louis, died here last night of blood poisoning, aged 45 years. He was in the Missouri senate for many years.

Indications.

Increasing cloudiness and probably rain or snow; east winds.

A Ride For Reputation.

While they were discussing the melee in the school board the head of a big manufacturing establishment was moved to relate this experience:

"I was once a pedagogue myself. I had resolved to do something worth while in the business world, and having no capital except what was wrapped up in my person I taught school to get a starter. I had some advanced students and had to skirmish in order to keep up with the procession. One day the whole class was stumped by an arithmetical problem, and so was I. In order to gain time for myself I came the old dodge of telling them how much better it would be if they would work out the solution for themselves and gave them another day.

"That night, behind locked doors and closed blinds, I worked in fear and perspiration. From the bottom of my trunk I took a key to the arithmetic, but even with that aid I failed to master the problem. By midnight I was desperate. It would never do to let the scholars, the parents and the whole cruel world know that I was not equal to my position. But it's not in my make up to surrender while there's a fighting chance.

"At the town, ten miles away, there was a loyal and highly educated friend of mine. He would help me and say nothing. It was one of the bitterest January nights I ever knew. But I slipped to the barn, appropriated a horse, made a ride more notable than many of those immortalized in song or history, froze my ears and toes and had my vocal powers reduced to a whisper.

"But you should have heard my whispered explanation of that problem and my regrets that none of the pupils had mastered it." —Detroit Free Press.

One Train Runs Into Another.

DESMET, S. D., Feb. 5.—A mixed train while standing on the side track at Arlington was run into by an engine. Conductor Addington, Brakeman Hosiac, John Loftus of Desmet and Mr. Harrison of Arlington were killed. The bodies were burned in the wreck.

Caught by the Bull-Wheel.

CHIESTERFIELD, Ind., Feb. 5.—B. W. Hnghel, a gas driller, had his clothing caught while working about the bull-wheel, and he was hurled violently against the walking beam of the drill, crushing him about the hips and injuring him internally.

Collided With a Train.

TERRE HAUTE, Ind., Feb. 5.—A team of horses became frightened and dashed directly into a Big Four passenger train as it was bowling along between here and Marshall. Both horses were killed and the driver, Harry Aner, was severely injured.

Indian Territory Amusement.

EUFALA, I. T., Feb. 5.—Israel Carr, a young Creek Indian, was killed yesterday at his ranch, west of here, by one of his tenants, named Wheeler. A young Indian named John Tyler was killed at a dance near here last night. A man named Noah, who was drunk, shot him while he was acting as peace-maker. Noah has not been arrested.

California Crop Prospects Excellent.

SAN FRANCISCO, Feb. 5.—With almost continuous rains for several weeks, the crop prospects of California are considered excellent. This season's average of wheat has been largely increased over that of recent years and conditions point to a bountiful cereal crop. Fruit also promises well, but it is too early to predict the yield.

Ladies Driven Out of Cuba.

KEY WEST, Feb. 5.—Five Cuban ladies arrived on the steamer Olivet from Havana last night, having been ordered to leave the island by Captain General Weyler. They were forced to depart from Havana because of the claim being made that they were suspected of conspiracy against the Spanish government.

George Shanklin III.

WASHINGTON, Feb. 5.—George Shanklin, for many years connected with the Evansville (Ind.) Courier, is critically ill at the residence of his brother-in-law, Justice Harlan, in this city. His brother, J. G. Shanklin, has arrived here in response to a telegraphic summons.

Plague Spreading.

LONDON, Feb. 5.—A dispatch to The Daily News from Bombay says that the plague has made its appearance as far north as Delhi.

General Rousseau Dead.

LONDON, Feb. 5.—A dispatch to The Standard from Paris announces the death of General Rousseau.

The oldest Mason died again in Kansas last week. This is the seventy-fourth time he has died within a year.
